Capabilities Statement

neoRhino LLC, DBA neoRhino IT Solutions, a **minority woman-owned small business**, is an Information Technology Generalist with an emphasis on Network Architecture, Design & Implementation specializing in heterogeneous networks; utilizing technologies such as Microsoft & CISCO for Manufacturing, Education, Logistics, and Oil & Gas enabling timely and successful hardware and software implementations. We have 34 years of “hands-on” experience serving education, municipalities, manufacturing, engineering, logistics, Non-Profit and Oil & Gas entities. We are widely acclaimed for our ability to deliver **Under-Budget and Scalable Long-term Solutions as well as Custom Technology Solutions.**

What sets neoRhino IT Solutions apart from the competition?

- Innovative Network Solutions – we utilize hardware/software to create custom technology solutions
- Best Practices – sought out by the IT industry for our technology expertise and depth of audit knowledge
- Best Value – our solutions are architected with client needs and budget in mind
- Certified – from Microsoft, CISCO and other Information Technology Vendors
- Technology Variety – “one stop shop” for Infrastructure Technology hardware solutions
